# TechSmith Snagit®

Snagit Improves Workplace Communication

Clear communication and effective collaboration is crucial in today's workplace — even more so with the increase in remote work.

Snagit is much more than a screenshot tool. It's used worldwide to create documentation, narrated videos that deliver feedback or instruction and much more. Snagit is an "Asynchronous" communication tool—not everything needs to be face-to-face or a "Zoom" meeting! Better communication means more productivity, and Snagit's templates and themes keep everything professional and on-brand.
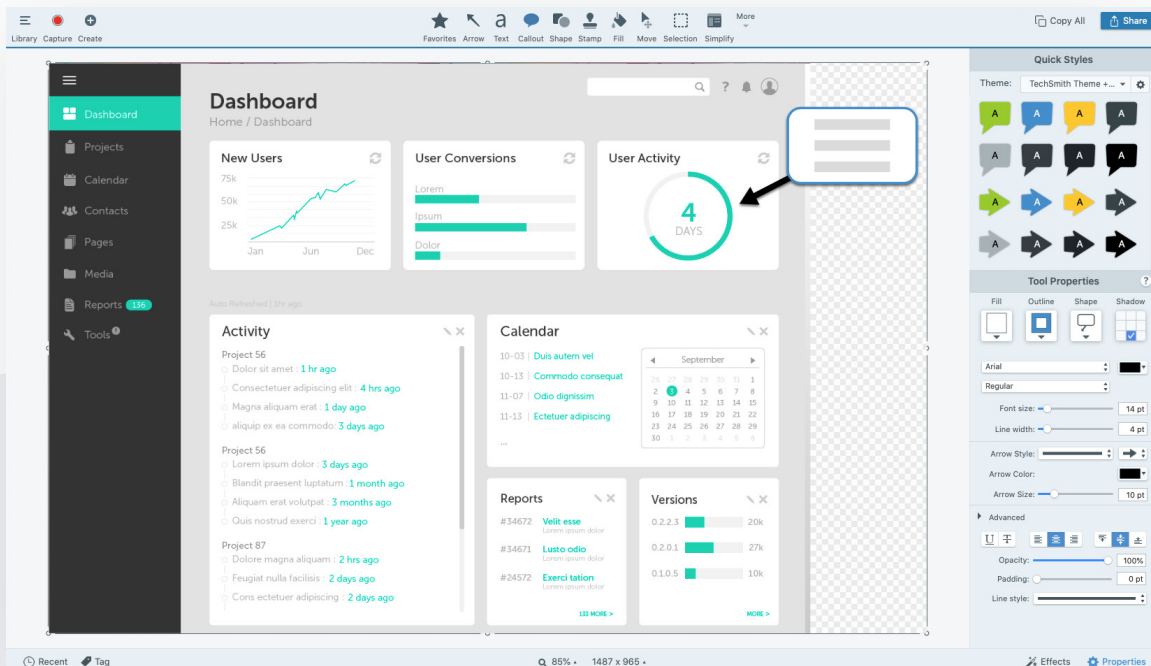

Record your screen, voice, and webcam to deliver the clearest how-to's or feedback.

Sharing content that goes beyond your screen isn't a problem with Snagit and panoramic capture.

Blur sensitive information, highlight key information to draw attention. Annotation options are limitless.

Typical Daily Uses Across Departments

- Give quick, simple answers to colleagues
- Provide feedback with clarity and impact
- Record PowerPoint presentations to share company-wide
- How-to videos and documentation for onboarding
- Screenshots of technical errors and bugs, and how to fix them

Easy to Roll Out, Manage, and Support

- Live support: phone, chat, email
- Works the same on Windows and Mac
- 30+ years of market leadership
- Deployment and virtualization options, Citrix Certified
- Online Snagit certification course to support end-users
- You'll be a hero — see what our customers say about us

Deploy Snagit for Everyone in the Company

Benefits of **site licensing** include:

- Annual flat fee
- Company-wide deployment means consolidation and standardization
- Pricing based on number of employees (site license can be deployed for a specific location or specific department/entity)
- Price starts at $2,995 USD/year for institutions or companies up to 500 employees
- Free upgrades

Contact TechSmith or your preferred reseller for a custom quote if your organization has more than 500 employees, or want to start with something smaller than a site-wide investment.
